

Sustainability Scenarios

Sharing & Open Source

- Why own it? * Open things (data, building plans, etc.), share knowledge ○

Social is Sustainable

- Relationships are resources * Education sharing: teach and learn * Happiness! What makes you happy? Degrowth ○

Nature Moves In

- Biomass production * Urban food plans * Nature digital: collective caring ○

Aren't Cars stupid

- public transport rules * smart mobility & supply: less traffic * reclaim the streets ○

Slim Buildings

- houses & cities use less water, energy, stuff * CO2 neutral ○

Degrowth

- Work Less, Experiment & Learn More * Reduce & Repair * DIY Become a Maker (Relate More to Your Stuff) * Hack your Life: own less stuff ○

Recycling & Cycles

- Regenerative Design (Cradle to Cradle Design) * Ecology * McGyverization: Surrounded by Resources * Resilience ○

Your Scenario
